Make your event historic!

Opened in 1857 and completed in 1861, the Ohio Statehouse is one of the finest examples of Greek Revival architecture in the nation—listed by the National Park Service as a National Historic Landmark. Your guests will tread the same halls as U. S. Presidents, international heads of state and legendary power brokers of government and industry. Don't settle for anything less than a most memorable venue for your event. Clients may choose from a variety of venues including the Capitol Atrium, north and south Atrium porches, Rotunda, State Room, Ladies' Gallery and the exterior plazas. There is no other building in Ohio that is as rich in beauty, history and grandeur.
